

TUESDAY EVENING, APRIL 2.

## From Washington.

(Special Correspondence of the Alex. Gazette.)

WASHINGTON, D. C., April 2, 1889.

Notwithstanding that many Virginia republican office seekers have returned to their homes, a large number still remain here; both of the old and new issue, and of the two wings of the latter. An old Virginia democrat now resident here, in talking about them to-day, said he believed every white man in his State who had ever voted the republican ticket either had been or is now here seeking an office. Among them all, however, it is hard to find even one who takes a roseate view of affairs, uncertainty and disappointment, if not gloom and despondency, being the prevalent feeling among them. Captain Rogers is one of those who have been away but returned. He says it is impossible to find out what course the administration intends to take with regard to Virginia affairs. When told by an acquaintance it would take no course until the factions in the party there shall come to an agreement, he replied that that they would never do. As the Captain is one of Gen. Mahone's right hand men, this evidently bodes no good to his chief. Ex-Senator Kiddleberger, ex-Gov. Cameron, Messrs. Frazier, Bryan and three or four others of the anti Mahone wing of the party, were in a room at the Metropolitan Hotel to-day talking over the situation, but they are as much at sea regarding the treatment they are to receive from Mr. Harrison as their opponents. Ex-Auditor Brown Allen, a Mahonite, says they may talk as much as they please, but it won't do them any good. Mr. Clark, a Fairfax county republican, says there is a fight between the Mahonites and the anti-Mahonites in his, the 8th Congressional district, and that he believes the latter will win. He says the anti-Mahonites were for Sherman; that Sherman has been "downed" several times already by the administration; that he believes Mr. Harrison is well posted in Virginia affairs, and that with Mr. Baile's well known opposition to General Mahone and all his works, it would be strange if any special favors were granted the General.

It is understood that the consideration of the distribution of the local State offices in the South, such as marshals and district attorneys, will be commenced in earnest next week, and that so far as all presidential appointments in that section are concerned, the incumbents will be allowed to serve out their terms unless there be good grounds for removal.

Senator Barbour says he is still in receipt of letters from democratic office holders in Virginia requesting him to use his influence to have them retained in office, but that all he can do is to have them filed at the respective departments. Mr. Thompson, of South Carolina, ex-assistant Secretary of the Treasury, who, it has been removed, will be appointed a member of the civil service commission, says he knows of nothing that could have suggested such a rumor. The last place General Longstreet applied for was Register of the Treasury, but the G. A. R. said it would never do to turn General Rosecrans out and put an ex-rebel in, especially as General Rosecrans had objected to having ex-rebels around him in office.

Some of the democratic Senators are considerably put out at the nomination of the delegates to the Congress of American Nations to be held here next autumn. Those delegates were to be taken from both parties, but the only one from Maryland among them is ex-Senator Whyte, of Maryland, the others being Republicans, who are more objectionable to democrats than out and out republicans. The President will give the Japanese legation and the Japanese visitors now here a reception at the White House to night, and has invited all the congressmen in the city to be present.

## VIRGINIA NEWS.

The sale of leaf tobacco in Danville in March amounted to 3,016,459 pounds; sales from October 1 to April 1, 12,405,660 pounds. The commencement exercises of the fifty-first session of the Medical College of Virginia took place in Richmond last night. The address to the graduates was delivered by Hon. W. L. Wilson, of W. Va.

Fire in Manchester yesterday destroyed a cooper shop belonging to Dunlop & McCance; tools, implements and two horses, the property of J. K. Tennant; the frame dwelling house of A. B. Heath, and a frame house of B. Funnely. The estimated loss is \$5,000; partially insured.

The outlook for the strawberry crop on the truck farms around Norfolk is said to be unusually good, and if the truckers escape a heavy April freeze the yield will be immense and profitable. There have been heavy frosts through that section daily and the peach-trees in many places are in full bloom.

The boiler at Mr. H. C. Caynor's saw-mill, situated near Piedmont's Cross-roads, about six miles below Bowling Green, burst yesterday, wounding two white and four of the colored employees severely, besides destroying the mill, shelter, and the shanties entirely. One of the men was blown 120 feet.

A dispatch from Pearisburg, Giles county, says: "A shooting scrape took place at the Narrows on Sunday, in which Bob Champ, white, killed Henry Richards, colored, and shot Kid Richards through the thigh. Champ was shot through the jaw. Another colored boy was clubbed severely on the head. Champ gave himself up. The row originated over a fight between two colored boys."

The latest new feature in the Richmond postoffice contest is that it will be offered to Mrs. Thomas J. Jackson. Mrs. Jackson as before stated in the GAZETTE has recently declined a tender of the postoffice at Lexington. It is thought that by this appointment the President will not have to recognize either of the contending republican factions in Richmond, and it is further reported that Mrs. Jackson has been tendered the choice of the postoffice at Richmond or Charlotte, N. C.

The North American Review for April has been received from its publishers in New York. Its contents are: An Extra Session—When? by Senator Allison; Prof. Huxley and Agnosticism, by Col. Huston, of Indiana, to be Treasurer of the United States; Ellis H. Roberts, of New York, to be Assistant Treasurer at New York city; Edwin H. Terrell, of Texas, to be Minister to Belgium; John T. Abbott to be Minister to the United States of Colombia.

In the United States District Court in Baltimore yesterday Judge Morris sentenced William E. Ford, John Willis, Severn W. Croswell, Noah E. Ward and John E. Of the offices yet to be filled, the most important are commissioner of the General Land Office and public printer. It is believed that they will be filled within a few days.

The Guion Line steamship Alaska left Queenstown three-quarters of an hour before the Cunard steamship Aurania, March 24, and reached Sandy Hook Sunday evening over three hours before her rival. It was a genuine race across the Atlantic. The Aurania's time from Roche's Point to Sandy Hook was 7 days 14 hours and 17 minutes. The Alaska went the same distance in 7 days 11 hours and 5 minutes. Both encountered heavy head winds and high seas.

## War Vessels for Samoa.

The German cruiser Sperber and the corvette Alexandrine will at once go to Samoa to replace the German war ships wrecked at Apia. The Navy Department at Washington is making every effort to secure an adequate representation at Samoa. While the vessels ordered there are far less of their kind, yet they are by no means equal to the three vessels which were wrecked, and are of antique type compared with the vessels of the German fleet remaining at Apia, and will continue in command of the squadron. Should anything occur to render new instructions advisable they can be sent to Samoa before the war vessels there, but it is probable that the Samoan conference will have settled the entanglement between the United States and Germany before our vessels reach their destination.

Marshall vs. Farmers and Mechanics' Savings Bank of Alexandria. Rehearing denied.

COURTESIES IN COURT.—The hearing in the Butler-Strong case was begun again in the Equity Court in Washington before Judge Cox yesterday. When the argument of Mr. Barrett had been concluded Gen. B. F. Butler was making some suggestions to the court, and Mr. F. T. Browning sought to put in a word or two.

Gen. Butler, with a quick wave of his hand, said: "I don't propose to be snappet at by a cur." Mr. Browning—"Nor I to be bulldozed by a bull-dog."

The spat went no further and the argument proceeded.

The announced conference of the Wise wing of the Virginia republicans was not held in Washington yesterday as only a few have arrived. Others are expected there to-day.

## ASSOCIATED PRESS DISPATCHES.

## The Senate.

WASHINGTON, Apr. 2.—After the presentation of two memorials the Vice President laid before the Senate Mr. Stewart's resolution expressing the profound sorrow of the Senate at the death of John Bright.

The resolution was referred to the Committee on Foreign Relations.

The Vice President then stated that he was about to vacate the chair for the remainder of the session and desired to avail himself of the opportunity to express his appreciation for the courtesy and consideration which had been shown him.

Mr. Edmunds offered a resolution that, in the absence of the Vice President, Mr. Ingalls be chosen president of the Senate pro tempore.

The resolution was agreed to without division and Mr. Ingalls had the oath of office administered to him and thanked the Senate for the renewed expression of its confidence.

The Senate at 1:50 proceeded to the consideration of executive business.

## Nomination.

WASHINGTON, D. C., April 2.—The President sent to the Senate to-day the nomination of Robert J. Fisher, of Chicago, Ill., to be Assistant Commissioner of Patents, vice Robert B. Vance, resigned.

## Naturalization.

WASHINGTON, April 2.—The Department of State has been informed by the United States Secretary of Legation at St. Petersburg, that he has already requested the Russian Government to investigate the case of Kempinski, said to be a naturalized American citizen, who was exiled to Siberia by the Russian authorities upon his return to Russia. It has been reported to the Department that Kempinski was 18 or 19 years of age when he left Russia for the United States. While the Department will investigate the case thoroughly, there is said to be need for caution, for with this statement of the case it may appear that Kempinski was eligible for military service and that his emigration to the United States was nothing less than military desertion. The need for deliberate action in such cases is exemplified in the case of Count Cypriani about which the press was much disturbed a year ago. It was asserted that the Count, an American citizen, had returned to Italy only to be seized and thrown into a dungeon. Careful inquiry by the Department of State revealed that Count Cypriani was not an American citizen; that he was not in an Italian dungeon and that he did not return to Italy, but stopped at Corsica, upon learning that he was liable to arrest if he did return. Last week the Count took out his naturalization papers and is now an American citizen.

## Ohio Elections.

CINCINNATI, O., April 2.—Yesterday's municipal elections in Ohio had many mixed results. Democrats elected a mayor in Akron and Springfield and carried the principal offices in Middletown, Akron, Norwalk, Bucyrus, Fremont, Circleville, Chillicothe, Portsmouth, Lancaster, Wapakoneta, St. Mary's Hamilton, Tiffin, Zanesville, Newark, Kent, Canton and Sidney. Republicans were entirely or nearly successful in Logan, Lebanon (where local option was defeated), Troy, Mount Gilead, Kenton, Urbana, Lima, London, Cambridge, Ripley, Van Wert, Sandusky, Wooster and Fostoria. In Kent the issue of prohibition was prominent and carried by one vote.

## Land Slide.

PITTSBURG, April 2.—A big land slide occurred on Second avenue at the lower end of Lock No 1 early this morning. A huge mass of rock and clay started at the top of the hill above the railroad, opposite Pride street, and slipped down, covering the Baltimore and Ohio tracks and Second avenue. Nearly half of Bull street slipped away, and it is thought some of the property along that thoroughfare is in danger. The telegraph wires were broken, and travel is stopped entirely. For half an hour after the slide occurred, rocks continued to roll down the hill over Second avenue, and there is danger of another slide occurring. Fortunately no one was injured.

## Bismarck for Peace.

BERLIN, April 2.—Prince Bismarck, in reply to the birthday congratulations offered him by the Central Manufacturers' Association, said that he looked forward to a continued maintenance of peace. This he believed would lend increasing impetus to the present gratifying development of German industry. In his opinion a guarantee of peace was to be found, not only in the monarchical institutions of the country, but also, and in an especial degree, in the monarchical sentiments of the German people.

## Samoa.

AUCKLAND, April 2.—The government of New Zealand has placed the steamship Hinemoa, a vessel of 542 tons, at the disposal of Admiral Kimberly in consequence of the loss of the American men-of-war at Samoa during the recent hurricane there. The British cruiser Rapid, of 1,420 tons, and mounting twelve guns, has sailed hence for Samoa. One hundred and twenty officers and men belonging to the German war ships wrecked at Samoa have arrived here en route to Germany.

## On the Sick List.

PHILADELPHIA, April 2.—The St. David, a full rigged ship, reached this port yesterday from Havre with the steward in irons a hopeless lunatic, first mate a victim of rheumatic fever, and a seaman also suffering from a complication of diseases. The three afflicted men were removed to the German Hospital.

## The Lydecker Court Martial.

## MONETARY AND COMMERCIAL.

NEW YORK, April 2.—The opening of the stock market this morning was quiet and generally higher as compared with last evening's prices. The improvement was carried a little further after the opening, but a fractional decline followed. The general list subsequently rallied and the market became dull, and at 11 o'clock was dull and steady to firm, generally at about first figures. Money easy at 6.

ALEXANDRIA MARKET, April 2.—There is a fair demand for flour, but mostly from jobbing sources, at unchanged prices. Wheat is quiet, and we again note that common grades, which compose much the larger part of the receipts, are exceedingly hard to move at current figures; buyers discriminate very closely and millers will only take choice samples; hence a range for all sorts of flour from 70 for a musty lot to 102 for prime Lancaster delivered to purchasers. Corn is steady at 41½ to 42½. Rye 50 to 55. Oats 32 to 35. Eggs 9 to 10. Butter and other produce are wanted.

BALTIMORE, April 2.—Cotton nominal; middling 10½ to 10¾. Flour quiet and easy. Wheat—Southern quiet and steady; Fall 93½ to 94½; longberry 94½ to 95½; Western easy; No 2 winter red 87½ to 88½; April 87½ to 88½; May 87½ to 88½; June 88½ to 89½; July 86½ to 87½. Corn—Southern steady; white 42½ to 43½; yellow 41½ to 42½; Western soft strong; futures steady; mixed spot 42½ to 43½; April 41½ to 42½; May 41½ to 42½; June 41½ to 42½; do mixed 39½ to 40½. Rye dull and nominal at 56½ to 57½. Hay firm; prime to choice timothy 16 to 17. Provisions steady and unchanged. Butter barely steady; Western packed 18½ to 19; creamery 25. Eggs steady at 10½ to 11. ## MEMORANDA.

Schr Ida B Gibson, for this port, cleared at New York 25th ult.

TO CONTROL THE VIRGINIA OFFICE.—A letter from Washington says: Inasmuch as there are two republican congressmen from Virginia, and the rule seems to be that in the other States the congressmen are having the distribution of the offices, it does not seem reasonable to conclude that the administration is going to allow Mahone or the boss of any other faction in the State to control the patronage of Virginia, but that Bowden and Browne will be the chief dispensers of the offices. As long as republican congressmen in other States are being recognized Bowden and Browne, who owe nothing to Mahone, will hardly consent to have him step in and say who should be appointed to office in Virginia.

RELEASED.—Captain Joseph Delano, who was accused of firing a shot from his gun, the S. M. Johnson, and killing a little girl a mile away, in Virginia waters recently, was released from custody in Baltimore yesterday as Gov. Lee refused to issue a requisition for him. Governor Lee declined to issue requisition for Capt. Delano on the grounds that from the circumstances surrounding the case, the killing was accidental.
